Customized counter tops  
for modular kitchens..

BY: PRAGATI GRANITES

# PRODUCTS

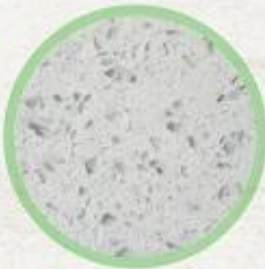

## Natural Granite

Its lustre, longevity, strength, low water absorption and natural anti stain properties make it number one choice for kitchen counter tops.

## Quartz (Artificial Granite)

Possessing the same strength and natural resistance as granite Quartz comes in a wide variety of colours and visual texture.

## Solid Surface (Corian, DuPont)

Versatile, durable and practical, DuPont™ Corian® can be used to create countertops that are seamless and joint free.

## Imported Marble

With its natural elegance and attractive veining Marble sets a perfect statement to any counter top.
